

Choose the right interior for the your ultimate pool...

- Will it Last?**
How tough is your choice of pool finish - in time will it chip, crack or flake, spoiling the look of your pool? **Aqualux™ won't chip or crack and its flexible surface provides protection against harmful chemicals and UV rays.**
- Guaranteed. Who says?**
Does the surface you are considering for your pool interior have it's own warranty, or is the installer's workmanship guarantee your only protection? Is the warranty backed by a sound, Australian company who will still be around in years to come if you need them?
Aqualux™ is backed by a 7 year warranty, provided by Aqualux - one of the most trusted names in lifestyle products in Australia.
- Is it Australian Made?**
Was the product designed and manufactured in Australia to stand up to our harsh conditions and weather extremes?
Aqualux™ is backed by over 25 years of experience and was developed in Australia for Australian pools.
- Is it safe for children?**
Is the pool interior you are considering kind to skin? **Aqualux™ is soft to touch and non-abrasive, so you don't have to worry about cuts and scrapes.**
- Are you in good company?**
Is the pool surface you are considering tried and tested and in use around the country in thousands of pools?
Aqualux pool finishes are currently in use in more than 20,000 pools around Australia.
- Do you have confidence in the installer?**
Some pool interior manufacturers train their installers, and form a national network of recognised professionals - be careful, others don't!
Installation of Aqualux™ is carried out by a network of installers who have been professionally trained by experienced fabricators.
- Will it perform?**
Is it lacquer coated to resist staining, fading and chemical attack?
Aqualux™ provides all of these features, including a special lacquer coating on printed liners.
- What colours can you choose?**
Many people choose a blue surface for their pool interior, but it shouldn't be your only choice. Check that the product comes in a range of colours and patterns giving you the freedom to create your own unique pool environment.
Aqualux™ comes in a stunning range of more than 8 designer colours and patterns giving you the freedom to create a pool uniquely yours.
- How does it all stack up?**
Now you have to make a choice, a choice that will ultimately determine the performance of your pool's interior.
Ultimately - we believe there's only one choice- Aqualux™. Don't simply take our word for it, ask your installer for a list of Aqualux™ pool owners you can talk to.

Aqualux™
Pool Finish

Aqualux - designer pool surfaces for you - exclusive in style and unmatched in quality for your perfect pool

Aqualux™ was developed especially for the Australian climate so it's resilient against harmful chemicals and UV rays. The flexible surface won't chip or crack so it is ideal for both new and refurbishing existing pools.

Soft to touch and easy to clean, Aqualux's stunning new range of designer colours and patterns means that you can now create the ultimate pool for your whole family.

Create a new pool or renovate an old one.....

Aqualux™ can help you create your perfect pool. It's flexible surface means it can fit into any shape - so be it building a new pool or resurfacing an old one, Aqualux™ is the perfect choice.

Aqualux™ is ideal for the reconstruction of swimming pools that, with age, have become cracked or chipped causing the loss of water through the pool shell. Aqualux™ creates a membrane that seals the pool so that even with slight ground movement your pool will not leak.

So sit back, relax and enjoy the look of your old pool becoming new again.

Aqualux™ Pool Finish

Aqualux - exclusive in style and unmatched in quality

Soft to touch and easy to clean, Aqualux's™ stunning range of designer colours and patterns means you can now create the ultimate pool for your whole family.

Aqualux™ pool finish is developed in Australia by Aqualux - a trusted name for lifestyle products that are perfectly suited to Australian conditions. The strong and flexible surface won't chip or crack, and its unique multi-layered construction protects against harmful chemicals, UV rays and also resists algae and fungal growth.

Used in more than 20,000 pools around the country, Aqualux is installed by a network of trained specialists that help you create a stunning pool or re-furbish an existing one for a fresh new look.

Providing a superior result in a pool of any shape, non-abrasive and soft to touch, Aqualux™ is the safest choice for your pool finish.

A demonstration of Aqualux™ toughness and durability

Warranted by Aqualux for 7 years, the Aqualux range is perfect to create your ultimate pool of captivating colour and style.

Refer to www.aqualux-pool-liner.com.au for the Aqualux Warranty and Installation instructions, as well as the Care and Maintenance brochure.
