## Make it Mobile

Most Hydrotools reels are easily made mobile with the addition of castors.

A castor pack can be added to your reel at the time of purchase, or you can buy a set at a later date if you decide you want the convenience of wheels.

*BELOW: A reflective over-cover is supplied with every new reel. When a solar cover is rolled up on the reel, the over-cover should ALWAYS be placed on top.*

*The over-cover protects your solar cover from irreparable damage caused by overheating such as 'roller burn'.*

## Hydrotools™ make using a pool blanket reel easy!

[www.abgal.com.au](http://www.abgal.com.au)

### Why Hydrotools?

Made with commercial-grade materials, Hydrotools reels are lightweight, but super-strong and durable. Anodised tubes are adjustable in length for an exact fit - no need to cut to size.

With just 8 screws needed for installation, you can have a Hydrotools reel fully assembled in under 20 minutes.

### A Reel Time Saver

A reel makes using a pool blanket easy. It simplifies storage, and allows you to roll your blanket on and off in minutes, without pulling, dragging, or folding. It's quick, easy and can be done with just one person.

Regardless of whether your pool is small or large, above ground, inground or semi-decked, there will be a reel style to suit. Your pool professional will be able to advise you on which reel best fits your budget and needs.

### Accessories

All Hydrotools Solar Reels come with adjustable blanket fasteners, a protective over-cover and flexible fittings to make installing and using your pool cover and reel easy!

Castor sets are also available (HRCASTOR) and can be ordered with any reel to make it mobile.

#### Arcadia | HTRB

- Suits pools up to 6.7m wide
- 310mm height from base to tube
- Low profile A frame with hand wheel at one end
- Available in black only

#### Advanced Roll-Away | HRX

Suitable for inground pools, this portable reel is easy to lift from the bracket to roll away for storage.

- Suits pools up to 6.1m wide
- Just 46cm high

#### Advanced Frame Clip | HRA

A removable, lightweight reel for above ground pools.

- Suits pools up to 5.6m wide
- Optional adaptor clamp for pipe frame pools

#### Eros | HRAK

Suitable for most models of above ground pool, the HRAK screws onto the pool wall.

- Suits pools 3 to 6.1m wide
- Fixed leg height

#### Apollo | HRST, HRST\_B

- Suits pools up to 6.7m wide
- Fixed height 395mm from base to tube
- Available in classic white or midnight black
- Adjustable height option available (HRJT) is 410-555mm - only available in white.

### Made in Australia & Stainless Steel

Made in Queensland, using marine grade Australian Stainless Steel, these premium quality reels are electropolished for a bright, uniform shine and increased corrosion resistance.

#### Pegasus | HSTR

- Stainless Steel ends and crank handle
- Minimalist, streamline design
- Made in Australia
- Suits pools 2.4m - 7.0m wide

#### Spartan Bench | HSBD

This durable, modular style bench seat easily holds 15m of Oasis 550 solar cover

- Suits pools up to 5.7m wide
- Commercial quality anodised aluminium seat (like a park bench)
